Will Intown Design, Inc. be responsible for the tear out of existing tops? Yes No

\*\*Customer is responsible for leveling cabinets, properly supporting countertops, disconnecting and reconnecting all plumbing and gas appliances.

\*\*Tear out does not include tearing out of tile backsplash

**EXAMPLE DRAWING**

**Draw here or use separate sheet**

1. Start by drawing the shape of your kitchen similar to the example. (Scale NOT important)
2. Write in measurements for all areas.
3. Put an X on all edges that are going to be finished
4. Put BS on the back wall in all areas that you would like a backsplash supplied by Intown Design.
5. Note placement of all sinks, cook tops, free standing ranges, dishwasher and refrigerator. (please note if sink is undermount)

**Special Notes:**
